

# THE EDGE OF REASON

*Inner distinction — Swaying between excessive pleasure and deep despair — **Broken But Not Torn***

Since singer Ro Seven has to battle his inner demons every single day, it is especially important to them to reach out to those who are struggling with their lives. They take great care of their fans and answer almost every personal message on social media. Their lyrics deal mostly with mental barriers, the fight with reality and the insatiable desire to change these.

The Edge Of Reason (aka TEOR) is a rock band, founded 2012 in Regensburg, Germany. Musically, driving rhythms meet with very catchy melodies and partial punky and rocky elements. The dynamic combination of high screams and growls with the extraordinary clean voice of lead vocalist Ro Seven lends the band unmistakable character.

After a two-year break due to line-up changes, the debut album "Broken But Not Torn" was released in June 2017. The single "Come True", released on March 29th, 2019, reached #37 in the iTunes Rock Charts and offers an exciting preview on the second full-length album, which will be released by STF-Records on Oct. 25th, 2019.

They love to act and perform and have already released [five impressive music videos](#). On stage vocalist Ro Seven, guitarists Alex and Billy, drummer Niko and bassist Dani burn for their audience and convince through energetic and thrilling live shows. In 2017, The Edge Of Reason played at the Openair Weigendorf, on which also Annisokay and Emil Bulls were represented. In 2018, TEOR headlined Woodstock Ukraine on the mainstage at prime time.
