

Since 1997 PROFANATION render uncertain the  
german Deathgrind scene.

Having to face numerous line-up changes over the years,  
the main core- Alex, Luxl and Anton - always kept  
the flame burning.

Developing their key strengths, nefariously brutalized tunes  
with double-flight killer vocals and mixing relentless speed  
with a great sense for groove and tempo-changes,  
the band got stronger and stronger.

Having released 5 albums by now and shared the stage with names like:

Massacre, Pestilence, Hypnos, Die apokalyptischen Reiter, Heaven  
Shall Burn, Fleshless, Purgatory, Gorerotted, Master, Dew-Scented,  
Tortharry, Lay Down Rotten, Defloration and many more,

With the current line-up they have the perfect combination of  
characters to deliver Brutal Death Metal with an Old School feel  
on album as well as on stage along with an  
energetic live performance.
