

‘THE MEDICINE SHOW’ LIVE ON SKY ROOM LIVE

Proudly Presenting “John Fairhurst The Medicine Show.”
“An ancient remedy to any crisis!”

Considered one of Britain’s greatest guitarists and the epitome of the modern-day wandering blues man, John Fairhurst, will be providing the world with a much-needed injection of entertainment through a LIVE 90-minute gig titled ‘*The Medicine Show*’ from his home, in Britain, on Saturday, 2nd May 2020.

“As musicians, this moment in time has presented a challenge for us, which is to jump into the virtual world and bring the music live and directly to our fans” says John.

“On stage, he attacks, pile-driving riffs, fingers flashing, picking frenzy then Nirvana steel sheet screams with shot glasses of Black Sabbath and occasional sparks of Moroccan sand dune music. Moods, Tastes and flavours ebb and flow then mesmerise, His medicine is the blues and his message *is pay attention.*” John May - Music journalist, archivist and biographer.

John Fairhurst is normally a traveling musician, playing hundreds of shows a year both big and small in order to make a living. This crisis has stopped all that in its tracks and our remedy is to bring you The Medicine Show”

John has teamed up with live streaming pioneers SkyroomLive to present a high-quality pay per view show because as the saying goes *the show must go on.*

Tickets for the show are available on <http://www.skyroomlive.com/johnfairhurst.html>
