

Lyra's Legacy

Melodic Metal from Germany (NRW)

history:

Lyra's Legacy was founded in 2008 and consists of five musicians from North Rhine-Westphalia in western Germany. Every band member brought in their individual musical experience from previous bands like *Heavenfall* and *Frozen Fire*.

Since 2011 *Lyra's Legacy* is playing gigs and festivals e.g. "Metal for Mercy On Stage", "Realms of Metal" or "Brotherhood of Metal" and shares the stage with bands like *The Name*, *Gloryful* and *Ivory Tower*.

Since 2015 the band is also performing internationally and supporting bands like hardrock legend *House of Lords* in Belgium (Biebob).

Lyra's Legacy represents sophisticated and melodious metal and inspires the audience with their melodies, musicality and power.

In 2016 the debut album will be released.
