

*Inspired by Silenus' words we stand as one,
Revealing higher truths to both the old and young.
Amongst our ranks there is no race, no gender and no class.
Those who ride on vanity will surely be surpassed.*

Who we are:

We are a formation of experienced musicians, based in Vienna, Austria. Each of us has an almost life-long musical history; we all spent plenty of time in cellars and garages, on the road, in big and small venues and in recording studios.

What we do:

We honour music history, from the beginnings of blues to the times of rock to the masters of metal. Yet we take it a step further. We combine groovy up-tempo rock and metal parts with slow crushing sludge and bitter-sweet acoustic melodies. You will find heavily distorted guitars as well as harmonica and steel-guitars in our repertoire. We sing about individual fate and societal doom, but never without irony. We play a darker shade of blues.

Where we wanna go:

We want to reach as many people as possible and give them something to enjoy, to think about, to freak out on, to trip away to, to reload their batteries with, to release their frustration upon. We wanna provide you with a soundtrack to the daily misery and to the pleasures of life. We want to spread our recordings and we want to rock our audience at the show!

*Brothers, sisters, those in between:
Don't you hesitate too long.
Come and be part of this hazy dream.
You are highly welcome.
