

"GAZTREA vereinen Visual Kei, Metalcore, Pop und Gothic zu einer erlesenen Melange, deren einzelne Aromen die Geschmacksnerven verwöhnen."

"Orkus! Magazin" zum Newcomer des Monats Juni 2019

Heavy riffs, glistening synths and soaring choruses – somewhere between Metalcore, Pop and Visual Kei.

GAZTREA from Germany calls their music "Heavy Electronic Rock".

While they wear their Visual Kei influence on their sleeves, they don't feel confined to one single style and prefer to stay versatile. Metalcore smashers, dramatic Power Metal influences and progressive songwriting are all part of the ever changing formula.

With Kai's eccentric vocal approach between theatrical singing, piercing high notes and aggressive screaming they add another unique element to their style, which is also strongly expressed in their conceptual outfits, artworks and music videos.

"Die halbe Stunde, die GAZTREA auf der Bühne standen, ging leider viel zu schnell zu Ende, allerdings mit einem wirklich bleibenden Eindruck. Die letzten Töne, die der Sänger anschlug, waren so hoch, das man es so schnell nicht vergessen wird."

"GAZTREA vereinen Visual Kei, Metalcore, Pop und Gothic zu einer erlesenen Melange, deren einzelne Aromen die Geschmacksnerven verwöhnen. Ihr enormer Facettenreichtum offenbart sich mit jedem Schluck etwas mehr."

- Orkus! Magazin

"tichte Gitarre, wuchtiger Bass, knackige Drums und über allem thronend Sänger Kal mit einem mix aus Shouting, clean Vocals, angetäuschten Ausflügen in Opernbariton-Gefilde und garniert mit gelegentlichen, ultrahohen Screams , die so manchen Power Metal-Sänger unbarmherzigst deklassieren."

After setting up a new cosmic theme with the three singles "Sunrise", "Moonlight" and "Cosmic Crusade", German Conceptual Metal band GAZTREA opens a new chapter in their continuous story with their first full length album "Celestia".

Ranging from aggressive Nu Metalcore to dreamy Synthwave inspired tracks, the album fully explores GAZTREA's various influences while still maintaining the signature sound of the band with intricate yet catchy compositions and eccentric vocal performances.

With a focus on providing a complete audio-visual experience, GAZTREA release "Celestia" as an exclusive artbook edition showcasing the both whimsical and dark style of the band's very own guitarist and visual artist Momo.

Already planned for latter half of the year are several new releases revolving around new exciting concepts that aim to evolve and expand the band's own lore.
