

SPHERO NAUT

On-Stage needs:

- Basic set of monitors for string instrumentalists, most likely one monitor for each.
- Seperate monitor for drums needed. No in-ear-monitoring or shit like that.
- Lights mainly red, orange and blue if possible.
- Guitars need microphones!!!

Information we would like to have:

- Backstageroom available?
- Guitarstands on stage?
- Information about ability to set up backdrop (3x2m) on backwall of stage (nails or shit).
- Soundcheck possible?
