Stage Setup & Equipment:

Drums

Snare: Mapex Black Panther Cymbals: 12/15/16/18/19/20" Hi-Hat: Eliminator Redline Pedals: Pearl P-2052C Eliminator

(Other Hardware can be shared or varied)

Drummers In-Ear cable-connected to X32

3x 230V

MIC 1
Sure SM58

T.Bone IEM75 863-865 MHz

3x 230V

Setup can be varied depending on stage size / configuration, and Backline Sharing is appreciated either side.

We use an InEar System, which will be connected via a symetrical XLR exit to the PA.

In consequence, a pre-mixed signal will be sent to the mixing console.

Because of our InEar System, no Stage-Monitors are needed. If possible, one Amp-Mic for the bass combo should be provided.

If you have any questions, please do not hesitate to ask! We are looking forward to an amazing evening together with you!
