Mean to You @ den Atelier (Luxembourg)
11-19-2014

Bio

Marc « **Mulles** » Muller and Jerry Kane formed **Mean to You** at the end of **2012** after jamming with different musicians of the luxembourgish local scene. Late **2014**, the band hooked up with the drummer Tom « **Mot** » Speller (ShadoWhispers, Isiking) and the guitarist Nico Parcollet (Retrace My Fragments).

In **2013**, Mean to You self-recorded their debut EP, **FALLEN**. Mixing alternative rock and metal roots, **Fallen** got a warm welcome by the local and international press. The opening track, **Ocean Waves** and self-titled track **Fallen** write down the first metallic chapter of the record while **Goodbye** lets the listener feel the melodic vibe of it.

In fall 2013, the band took the road to promote their first record, gaining support and fans in Luxemburg and abroad. In 2014, **Ocean Waves** and **Fallen** are aired on a US radio station. Invited to share the stage with famous german band **Guano Apes** at « den Atelier » (LU) and after a third place at the EuroMusic Contest 2014 (pre-selections) **Mean to You** is now a major actor of the Great Region alternative rock scene.

MEAN TO YOU

■ **Fallen**

Alternative Rock

Eine erwähnenswerte Scheibe erreichte uns von Mean To You, einer vierköpfigen Band, die ihr erstes Album, **FALLEN**, im eigenen Home-Studio aufgenommen hat und nun auf den entsprechenden Lohn ihrer Bemühungen hofft. Verdient haben das Jerry Kane (Gesang, Gitarre), Nicolas Parcollet (Gitarre), Mulles (Bass) und Philippe Funk (Schlagzeug) ohne Zweifel, denn ihre kraftvollen und jederzeit modernen Rock-Songs zeichnen sich durch exzellenten Sound und hohe kompositorische Reife aus. Riff-Gitarren, Bass und Drums pulverisieren jeden Verdacht von Halbherzigkeit, und auch wenn die Band zwischendurch mal einen Gang zurückschaltet, um die Akustikgitarre auszupacken, ertönt pure Dynamik. Well done, folks!
