

ALL NINE YARDS

**ALL NINE YARDS**

**METAL POP HARD ROCK**

## ABOUT

Founded in 2017 All Nine Yards is built upon the pillars of Hardrock with Grunge, Rock and Metal influences.

2018 the band released its first 4 Track „Just A Demo“. 2019 the 6 track “The Silver EP” was finalized, which developed the band’s distinctive sound even further.

Musically this is where worlds collide: Rock groove meets Metal riff and Pop melodies are layered with Hardrock - Somewhere between Stone Sour, Nothing More and Guns n Roses:

## **E.D. MATTHEWS** - LEAD VOX

“As long as it’s loud!” “Is my hair okay!?”

### **ABOUT:**

Since he was nine E.D. has been involved in an intense musical career, spanning from studio productions to TV appearances. Next to being a gifted singer (and guitarist) he is the front presence that defines the full force of A9Y. He is not only a frontman, he is THE frontman destined to become a legend (if for nothing else than for his one of a kind silver shoes).

### **FORMER BANDS:**

Numerous Studio productions / Atomic Blond

### **INSPIRATION:**

30 Seconds to Mars / Bullet for my Valentine / Seed

## **MARC** -GUITARS & VOX

“F\*\*\* it, I’m doing it!”

### **ABOUT:**

Coming from an English household he was born and raised with the likes of the Rolling Stones, Beatles and Queen instilled into him while still in the womb (not to mention the darkest possible English humor).

His Blues Rock lead guitar approach and love for dirty, grungy riffs is one of the defining cornerstones of the A9Y sound.

### **FORMER BANDS:**

Fluid Enc. / GritSpit / GraustufeRot

### **INSPIRATION:**

Guns n Roses / Queen / Stone Sour

## **THOMAS** -GUITARS

“Coffee? Is okay!”

### **ABOUT:**

As a purely self taught guitarist he has no idea what a C Major actually looks like... but who needs that when you can write bad ass riffs right?

His unorthodox playing style adds just the right flavor to the one of a kind A9Y mix. Next to his rythm guitar activities he works as a part time Daniel Craig double.

### **FORMER BANDS:**

Led Astray / Plusmatic / GraustufeRot

### **INSPIRATION:**

Rage against the Machine / Machine Head / Faith No More

## **KRIS** -BASS & VOX

“Know your chord tones, but where is my cheese roll!?”

### **ABOUT:**

With over 750 played gigs this man is a veteran within the music scene.

Next to keeping the band tight with his distinct low frequency grooves (and being the probably nicest and most laid back guy of the bunch), he just loves adding those thirds!

### **FORMER BANDS:**

Teutrine / After One Summer / Randale / Dog Eat Dog

### **INSPIRATION:**

Rage Against the Machine / AC/DC / Faith No More

## **MARC** -DRUMS

“Never underestimate the Boom Boom Tschack!”

### **ABOUT:**

He is the driving force behind the push pull rythm that defines A9Ys undeniable groove.

Not only does he know where to place his kick and snare, more importantly, he knows when not to:

Simple - in your face - on point!

### **FORMER BANDS:**

Dandelion / One Last Symbol

### **INSPIRATION:**

Pearl Jam / Foo Fighters / Turbostaat
