

SCOOP

Funk - Jazz - Soul - Latin

Dynamic beats and catchy melodies as well as energetic solos form the basis for the multifaceted music of SCOOP, which spans an arc between funk, soul, jazz, blues and latin.

Five musicians based in northern Germany's Kiel and music metropole Ham burg offer a broad repertoire of expressive self-composed songs. Funky rhythms and melodies with soul appeal merge into a colorful musical mosaic. Complex arrangements with catchy motifs create music that is easily accessible to the listener.

In contrast to the often powerful groove, there are soft and sometimes melancholic sounds that results from sensitive themes for acoustic guitar and piano.
