amount	devices/instruments I have	things I need
1	Laptop (Linux)	Socket, table, chair, DI-Box
1	Electric guitar	Amplifier, socket
1	Interface + cables	
1	2-channel looper	socket
1	1 vocoder	
1	Big singing bowl	
1	Microphone (voice)	Microphone stand
2	Microphones (instruments), but they are not good for most live settings	Microphone stands; if possible shure sm58 or similar to replace my microphones
2	(Midi) keyboards	Cables (MIDI, XLR, 6,5mm Klinke), 2 DI-Boxes, Amplifier
2	Keyboard stands	
1	Bird imitator	
1	tambourine	
Several	Small wooden, metallic or plastic things to make noise	They need some space on the said table for the laptop
2	XLR-cables (long)	
3	Flutes	space on the table
2	Rainsticks	space on the table
1	Small African drum	
		If I should perform with visuals:
1		Beamer
1		Screen (ideally white without structures)
1		Additional laptop (in case the beamer can't deal with data from USB)
