"Vivs Takahashi (vocals) and Marcelo Kaczorowsky (bass) show they are not just playing around with a debut, which, if there is justice and good promotion work, will have success around the world."

### - Roadie Crew Magazine #238

"What makes everything even more thrilling is that this is just the band's debut release, and we could expect more material of the same or even better quality. That is also a reason why FLOWERLEAF is definitely a band to watch out for." - **Portal Metal Temple**

FlowerLeaf was founded in 2017 by Vivs Takahashi and Marcelo Kaczorowsky with the ambition to follow their dreams. After a year of discoveries and hard work, they released their debut album "Stronger", which was met with many positive reviews all over the world.

But they wanted more, so they decided to leave their homeland Brazil in search of new challenges and opportunities. And so they arrived in Germany in 2019, where they immediately started playing live shows and participating in festivals like the FemME - Female Metal Event in the Netherlands.

The corona-crisis struck them hard when they were still adapting to this new life but this didn't stop them from writing music and working on all the creative ideas and dreams that brought them here.

And so, with the addition of Florian Mathes, David Schnödewind and Michal Maciag to the team, they are ready to start a new chapter in FlowerLeaf's story, full of different and new influences.

### *... so it starts the Dreamerie*

FlowerLeaf is preparing their **next release** in an ambitious project called "**DREAMERIE**".

The Dreamerie is **the book of dreams**, full of wishes, fantasies and nightmares. It contains the desires of the heart and the fears of the soul.

Like every book, the Dreamerie is divided into **chapters** that will be released as a sequence of **five short-albums** within the next few years. Each chapter will bring its own theme and the first one will be called

**TIME**, with the first single to be released in the beginning of 2022. And Chapter II is already in the making.

*... in the realm of dreams I'll be lost and gone*
