ETE NEEDS

PA

- PA must be suitable to the dimensions of the club and the amount of visitors

MONITORING

- On stage monitoring for every bandmember as shown below

LIGHTS

- Colored Lights on stage
- Lights to enlight the audience

BACKSTAGE

- Save room for all the equipment and band private stuff

If the location is too small to comply with the listed needs, the band can adjust to most given circumstances, if informed about the location's specifics at least one week prior to the show date.

ETE BRINGS

BACKLINE

- Parts of the backline can be brought by the band if needed
- Deals about backline stuff shall be negotiated priorly

INSTRUMENTS & AMPS

- Every Band Member will bring his own instrument and amplifier
- Drummer Schmin will bring his own snare, footmaschine & crashes
- Vocalist Jack will bring his own Wireless Mic Set

STAGE PLAN
