## Bio

Floreciendo, which means *blooming* in Spanish, brings a charismatic sound by blending Flamenco, Latin and Jazz music. Started in 2015 in Mannheim Germany, they have been playing in numerous venues and festivals.

Rosa was studying several years of classical piano and jazz saxophone. Growing up in Madrid, Spain she is experienced to play in duos, big bands, in the street, big stages, studio recordings, hosting jam sessions.

Parijat grew up in Bangladesh in a family where practicing Indian music was part of everyday life. After playing several years of Indian percussion – tabla he came to Europe in 2013 to broaden his experience by studying flamenco & jazz guitar.

Through blending all these diverse musical elements a new project was born in their hands: Floreciendo!
