Incited Abomination – Brutal Death Metal from Wolfsburg / Everingen, Germany

Founded in 2013 by Torben Golz (Vocals/Gitarre/Bass) and Leon Schubert (Vocals/Gitarre/Schlagzeug) with the goal to release a few songs to the public.

In 2015 we recorded the songs for our first demo-cd, which was given away by request or at concerts. In mid 2016 we began with the production of our first full-length. On May 19, 2017 the full-length entitled „Explicit Fantasies – Conjured Abnormalities“ was released.

We play high-speed, as well as mid-tempo death metal. Nothing fancy, nothing unnecessary.

Future gigs and recordings are planned.
