

**"On the Road again and hungry for love"** is the motto of the four musicians of the punk n roll band TIGER ROUGE, who have been active since December 2019.

In a very short time, 20 songs were written, which contain the abysses of human existence in a sarcastic way and enrich the Düsseldorf punk rock scene with a good portion of "dirt" and charming casualness.

TIGER ROUGE impressively proved what is meant by this at various shows, such as the "Wild at Heart" in Berlin, as well as in the venerable Düsseldorf clubs "Ratinger Hof", "AK47" and "Pitcher".

The 4 members are no strangers to the Düsseldorf music scene; among others, they played in the bands "Lazy Bombs", "GTO's", "Input Kinks" and "Cobra Jim", to name just a few projects.

They used the time when the clubs were closed due to corona, to record eight songs.

These will be released as 10" vinyl on 01.04.2022 on the Wolverine Records label.
