

WAGNER THE BAND

Technical Rider 2019

This rider should help the organizer and the band to ensure a smooth running of the joint event. Please read the requirements carefully and note that the Rider is the subject of the contract.

For technical questions, please contact Rainer Wagner. wagnertheband@gmail.com
0043 650 45 30 348

Thank you so much!

PA system:

The PA system should be a separate HI / Mid and Sub system matching the event. When the production crew arrive, it should be calibrated and tested.

Monitoring:

On stage we need:

6 wedges / 6 monitors

Mix 1 - E Guitar [StageLeft / 1 Wedge]

Mix 2 - Vocals + Acoustic Guitar [Center / 2 Wedges]

Mix 3 Keys, Mellotron, Moog, Backing Vocals [StageRight / 1 Wedge]

Mix 4 - Bass [UpStageLeft / 1 Wedge]

Mix 5 - Drums [Drums / 1 Wedge]

Mixer:

The mixer should have at least 24 free channels and fully parametric Eqs.

Stage / Riser / Personal

Wagner the band travel without their own technicians

When Wagner the Band arrives, the stage must be cleaned and ready for occupancy. At OpenAir events, the stage must also be properly protected from the weather by roof and walls as well as flat, level stage floor.

We travel without lighting technicians and look forward to a competent, creative lighting technician.

A riser [2m x 2m x 0.4m] for the drums, in the middle of the stage trailing edge, must be set up.

We look forward to a competent, nice, sober sound engineer who is familiar with the electrical system and open for questions from the get-in until the end of the technical event.

Wagner the Band play Soul Rock.

Thank you for taking the time to read this rider. If details can not be realized, we kindly ask you to contact our technical contact person.

We look forward to a good cooperation and a successful production.
