

LOKI

Catering Rider

We'd love to have a small selection of cold or warm dishes or a buy-out of 50€ (10€ per crew member). None of the band members eats meat. If possible there should be alternatives for the vegan band members.

It is also important to us to have enough water (non-carbonated) available during the whole event as well as a case of beer (preferably a local brand).

If one of the points mentioned above is not possible, please contact us and we will surely find a solution.
